

# One Day Workshop on Drupal

A one day workshop on Drupal, an Open Source Content Management System was conducted at Vidya Academy of Science And Technology under the initiative of FOSSERS club and Zyware Technologies on 26th March 2011. Mr. Vimal Joseph from Zyware Technologies handled the sessions. The workshop was designed for beginner level and was divided into two sessions. In the first session we covered basic topics such as Installing Drupal, Basic Configuration, Creating Content, Themes, and Modules. In the latter session, Content types and Views was covered in detail. About 20 candidates from various colleges and organizations attended the workshop.
