

Workshop on “Radio Controlled Aircraft Design, Fabrication and Flying”

WORKSHOP ON
**“RADIO CONTROLLED
AIRCRAFT DESIGN,
FABRICATION AND FLYING”**

Gokul Mohandas, Deepak U and Jenson Jose K of S3 PE participated in a workshop on “Radio Controlled Aircraft Design, Fabrication and Flying” conducted by IIT Kanpur Alumni which was held at GEC, Thrissur on 30th September to 2nd October, 2013. They fabricated an aircraft model and it was selected for best design award for its best performance and stability on air. The workshop gave the participants an opportunity to understand the theory behind the functioning of aircrafts and aircraft design. The workshop laid emphasis on design, fabrication and testing of radio controlled aircrafts.
