 A 3D-style map view of the Vidya Academy of Science and Technology campus. The map shows several large, rectangular buildings with flat roofs, arranged in a grid-like pattern. There are green spaces, trees, and a river or canal running along the right side of the campus. The map is rendered in a light, semi-transparent style, allowing the underlying terrain to be visible. A scale bar is visible in the bottom left corner, and a search bar is in the top left.
