

## **Workshop on Google Sites**

The Department of Computer Applications organized a Half-day Workshop on Google sites for S2 MCA students on 13.03.2017 AN. Ms. Salkala K. S. and Ms. Siji K. B., Assistant Professors in the Department, served as the resource persons for the Workshop. Google Sites is a structured web-page creation tool offered by Google.

The Workshop was held as a prelude to announcing the *e-SpiderZ* contest which is a website creation contest open to all students of the Department of Computer Applications. The contest to be held in 2017 is the eighth edition of the contest. The Department has organized a similar contest every calendar year beginning from 2010.
