Infosys Campus Connect FP 5.0 Webinar

A webinar for the S2 MCA (2019 pass out batch) students was organized by Infosys as part of the Campus Connect program. Mr. Hari S, provided the participants with an overview of their flag ship Information Technology training program named Foundation Program which is in its 5th version. Mr. Hari, took them through the road map and he demonstrated to the students as to how they could leverage the lesson plans and study the topics at their own pace. He highlighted the key 5 modules, and as to how they should do the quiz, assignments, and the project work. He also highlighted the role of faculty members as a guide and a mentors. At the end of the session Mr. Hari took questions from the students and clarified their doubts. The classes for this batch begins effectively with this webinar.
