

## **NSS volunteers train school children in the craft of paper-bag making**

NSS volunteers of the College organised a training session on the craft of paper bag making for the third standard students of RM Lower Primary School, Velur, on 28.09.2017. The kids enthusiastically welcomed the volunteers, actively participated in the activities, and enjoyed every minute of the training session. The volunteers also talked about the negative impacts of plastics in our day to day life.
