

NSS units organise training in emergency life support

The NSS units of the College organized a training programme on “Emergency Life Support Training – Cardio Pulmonary Resuscitation (CPR)” at College Auditorium on 24.11.2017. The programme was inaugurated by Dr. Sudha Balagopalan, Principal. Dr. Rajeev (Associate Professor, Emergency Medicine Department, Jubilee Mission Medical College) gave a talk on the importance of gaining emergency life support training. The practical aspects of the management of life threatening emergencies, providing CPR in adults, children and infants were demonstrated by Mr. Anoop Krishnan (Trauma Care and Simulation Engineer & American Heart Association Instructor) to the students, faculty and staff of the College.
