MCA HoD organises workshop on LaTeX at Nirmala Engg College, Chalakudy

Dr V N Krishnachandran, Head of MCA Dept of the College, organised a one-day fully hands on workshop on the LaTeX document preparation system at Nirmala Engg College, Chalakudy, on 22.01.2018. He organised the workshop as per an invitation from Ms Jasmine Paul, a faculty member of Nirmala, who was an alumna of Vidya studying for the M Tech (CSE) degree. Dr Krishnachandran had organised a similar workshop at College of Applied Sciences, Vadakkencherry, on 15.12.2017. These activities are being organised as part of actualising the larger vision of sharing the expertise of Vidya with other similar educational institutions.
