

College gets certified as ISO 9001:2015 Standards compliant

The *News & Events* Editorial Team has great pleasure in reporting that the College has been certified as ISO 9001:2015 Standards compliant. The Management Review Team of the College has recently received a communication to this effect from the certifying agency Bureaus Veritas.

A team of auditors from Bureaus Veritas, led by senior auditor Mr Suresh P K, conducted a detailed audit of all the Departments (academic and non-academic) of the College to check whether the various processes were being carried out as per the clauses in ISO 9001:2015 Standards. This certification audit was conducted on 03.03.2018.

The auditors also gave a number of useful suggestions for the further improvement of the Quality Management System. They appreciated various good practices followed by the departments of the College.

The College could cross this mile-stone only because of the excellent team work by Prof. Mary P. Verghese, Associate Professor in EEE and Management Representative, Ms Divya Unni, Assistant Professor in ECE and Assistant Management Representative, and Prof. Anil Kumar K R, Associate Professor in PE and Assistant Management Representative and also the wholehearted support of the Management, the Principal and all faculty and staff of the College.
