

## Texas Instruments awards Rs 5 Lakhs to five stars of ECE Dept

Congratulations Aftab Ashraf A V, Aishwarya Pradip, Aishwarya Rajeev, Anjali P and Akash Sathian! They are indeed five stars of the College, of the ECE Dept!!

The entire project idea was conceptualised by Mr Ramesh C R (AP, ECE Dpt) and he guided the team of students in implementing the Project and presenting it in the the Design challenge. *News & Events* Team congratulates Mr Ramesh for his efforts to bring such glory to Vidya.

The five stars of Vidya presented a product (Low Cost Non-Invasive Hemoglobin Tester) in the semi-finals of India Innovation Design Challenge Contest 2017 held at IIM-Bangalore on 04 June 2018. Now Texas Instruments have awarded them Rs 5 lakhs for converting their project concept into a real world product.

They were one among the 30 finalist teams of the Indian Innovation Challenge Design Contest 2017 (IICDC-2017) initiated by Texas Instruments in collaboration with Department of Science and Technology (DST) and coordinated by NSRCEL, Indian Institute of Management, Bangalore (IIMB) and supported by MyGov.

Congratulations again dear students.
