

## B Tech (CSE) fresher completes edX Course! Wow!

Many of Vidya's students are eager to augment their knowledge by enrolling for online courses offered by the world's best universities. Here is a recent example.

Ms Varsha Shaju (S1 B Tech CSE B) has successfully completed an edX course on "Introduction to Python Fundamentals". The course is provided by Microsoft and is part of the Microsoft Professional Program in Entry-Level Software Development. The instructor of the course was a Senior Content Developer of Microsoft.

*edX is an online learning destination and MOOC provider, offering high-quality courses from the world's best universities and institutions to learners everywhere, founded by Harvard University and MIT in 2012.*
