

Congratulations

Congratulations to our

**B.Tech students selected
in Sutherland**

Sutherland offers placements for 24 more students

Sutherland, a global IT/ITES services company, has offered placements for 24 more students of Vidya based on the campus recruitment drive held in November 2018. Sutherland had already offered placements for 19 students of Vidya immediately after the recruitment drive (for details visit the *News & Events* page [HERE](#)). These 24 students shall be initially located at Kochi, Kerala. The new recruitment is to fill the manpower requirements in the non-voice (NV) process which is a sub-section of the business process outsourcing in which the service providers fulfill their duties without being directly visible to their customers. Sutherland, founded in 1986 has offices across the globe servicing customers in various industry including banking and finance, healthcare, insurance, media and communication, travel and hospitality, retail, and technology.
