

SupportSages conducts recruitment drive in Vidya

SupportSages is a leading Kochi-based information technology infrastructure support company. They manage servers and networks for their customers. They carry out server monitoring, trouble shooting, software updates, sever migration and are also into web-hosting and customer support.

SupportSages conducted a campus recruitment drive in Vidya on 15 February 2019 to select candidates for filling positions as Junior Systems Administrator. The drive was targeted at the CSE, ECE, EEE and MCA students in the 2019 pass-out batches. Twenty six students have been shortlisted for the final interviews to be held at the company's office at Kochi.
