

PE Dept organises workshop on Industrial Automation

The PE Dept of the College conducted a two-day workshop on "Industrial Automation" for the final year B Tech students of ECE, EEE, ME and PE branches during 29 – 30 March 2019. The Z' Aksis Technological Solutions, Coimbatore provided the technical support for the worksho. The workshop gave to the participants an exposure to industrial relay logics, industrial electro-pneumatic components, electrical and pneumatic line drawings, PLC, SCADA, HMI and robotic trainer demo. Prof K Dileep (Head, PE Dept) felicitated the participants of the programme and also highlighted the importance of such workshops in the areas of engineering.
