

# EEE Dept organises five-day FDP on Recent Trends in Renewable and Sustainable Energy Conversion Systems

The EEE Dept of the College conducted a five-day APJAKTU sponsored Faculty Development Programme on “Recent Trends in Renewable and Sustainable Energy Conversion Systems” during 24 – 28 June 2019.

The program was inaugurated by Dr Sudha Balagopalan, Dean-Academics. The first session on Innovations and Future Research Directions on Renewable and Sustainable Energy Technologies was handled by Dr Gopakumar P, NIT Calicut. The other sessions on different topics were handled by Dr Nikhil Sasidharan, NIT Calicut, Dr K K Sasi, Amrita University, Dr Kumaravel S, NIT Calicut, Dr Ajay Babu, NSSCE Palakkad, Dr Sudha Balagopalan, Vidya, Mr Ramakrishnan, Rogresso Technologies, Dr Vivek Mohan, NIT Trichy.

As many as 31 faculty members from eight different engineering colleges participated in the FDP. All participants were presented with a certificate during a brief valedictory function held on Friday, June 28, 2019.

More details on the FDP, more images and a lot of study materials related to the topics discussed in the FDP can be obtained from the FDP's website which is located at <https://eeefdp.blogspot.com>.
