

ME Dept organizes add-on course in C++ Programming

The ME Dept of the College organized an add-on course in C++ programming for second-year (fourth semester) B Tech (ME) and B Tech (PE) students during 02 – 06 July 2019. The course was organized by the Centre for Continuing Education (CCE) of Vidya. As many as 41 students from S4 B Tech (ME) attended and successfully completed the course. The course was designed to give the students an introduction to all the basic ideas of C++ programming. The C++ programming language is used by mechanical engineers in areas like robotics, factory automation systems and design of CATIA software etc.

Ms Remya P C, Ms Ayana Ajith and Ms Sreeja K, faculty and staff members of the CSE Dept, served as the resource persons for the course. The course was coordinated by Mr Aadars M S, Mr Anu prasad V A, Mr Vibin Antony P, all Assistant Professors in the ME Dept.
