

S5 B Tech (CSE) student presents a talk at MEC.conf

The logo for MEC.conf, featuring the text 'MEC.conf' in a stylized font. 'MEC' is in red and 'conf' is in blue. The 'o' in 'conf' is replaced by a globe icon.

Subin Siby (S5 B Tech CSE B) of Vidya presented a talk on Software Internationalisation in MEC.conf, a developer conference hosted by Model Engineering College, Kakkanad and held at Kerala Technology Innovation Zone, Kalamassery, Ernakulam during 26 – 28 July 2019. The event was sponsored by IEEE, IEEE Computer Society, IETE and Kerala Startup Mission. More details on the talk are available at the link [HERE](#).

The event also had a session named “devsprint” where students were given opportunities to start contributing to open source projects with help from mentors. Mozilla, Zulip, , FOSSASIA, KDE were the participating organizations. As a KDE Localization Maintainer, Subin Siby was a mentor for KDE in the sprint.

Some the other speakers on the occasion were:

- Balasankar C, Debian Developer & engineer at Gitlab

- Santhosh Thottingal, Language Engineering Team, Wikimedia foundation, Swathanthra Malayalam Computing
- Satish Babu, Past President of Computer Society of India
- Saloni Garg, RedHat Women In Open Source Award recipient, Google Scholar, Mozilla Open Leader
- K S Ananthakrishnan, Facebook bug bounty hall of fame
- Sreeram, Google bug bounty hall of fame
