

Great success story from the placement front: Twenty-six students placed with TCS!

Since last year there are major changes sweeping the fresher placement or the fresher recruitment processes across the country. Top recruiting companies in our country like TCS / Wipro/ Infosys etc. have changed their recruitment model

and are now increasingly selecting the freshers through coding contests, through national level competitive placement exams and through hackathons.

Another approach which is adopted by several other companies is by shortlisting candidates through national level exams like AMCAT / WHEEBOX West / TCS iON/ etc. These exams

essentially test the students' general aptitude, subject knowledge, language skills, programming skills, etc. Notably, computer programming is gaining prominence in almost all placement assessment processes.

This year, twenty-six final year students from the 2020 pass out batches of Vidya have been placed with Tata Consultancy Services Ltd. (TCS) after their national level qualification test followed by interviews at their Kochi / Thiruvananthapuram offices.

Of the twenty six students selected by TCS, **Sebastian T F from CSE** department has been placed under the **TCS Digital Services** scheme with a starting annual pay pack of Rs. 7 lakh. The other twenty five students are placed with the TCS "Ninja" service line. Congratulations and Best Wishes!

Name of the student	Course	Discipline
Nanditha Varma N	B. Tech	CE-B
Abhirami Susith	B. Tech	CSE-A
Anusree TS	B. Tech	CSE-A
Ashly Thomas P	B. Tech	CSE-A
Aswathy Ajith	B. Tech	CSE-A
Athira	B. Tech	CSE-A
