

CSE students attend Google Developer Groups' DevFest at Thiruvananthapuram

DevFest Season is here! Google Developer Groups (GDG) all over the world are busy hosting DevFest '19.

2019

DevFests are community-led developer events hosted by Google Developer Groups around the globe. GDGs are focused on community building and learning about Google's technologies.

There are three GDGs in Kerala, at Thiruvananthapuram, Kochi and Kozhikode. The first DevFest in Kerala was hosted at Thiruvananthapuram on 21 August 2019 and it was attended by Hemant Janesh of S7 B Tech CSE and Arjun Raghunandhan of S5 B Tech CSE from Vidya. The guest of honour was Mr Amrit Sanjeev,

Staff Developer Advocate at Google, who delivered the keynote address. This DevFest featured many fun games and activities and also a networking session where the attendees got chances to meet fellow developers, designers and people looking to make a change in the world.
