

Vidya's students shine in global events: win two prizes in Game Oasis Hackathon

A team of four students of S7 B Tech CSE class of Vidya consisting of Mohamed Sayyaf, Sebastian T F, Shaheen N S and Hemanth Janesh, has been awarded two prizes in the Game Oasis Hackathon, Bangalore:

- First Prize by Matic for their AxieBet 3rd party betting platform integrated with the AxieInfinity Online Multiplayer game built on top of the Matic Blockchain Network
- Second Prize by CelerX for their BluckHunt game based off the retro Duck Hunt game integrated with the CelerX Blockchain interface for multiplayer and monetisation.

What is Game Oasis Hackathon?

Game Oasis Hackathon was a first of its kind Blockchain Gaming Hackathon in India. It is held in 4 places around the world: Shanghai, Seoul, Bangalore and San Francisco. It is jointly hosted by Binance Labs, Matic, CelerX, Marlin Labs, CocosBCX – all leading players in the Blockchain Industry.
