

# S5 B Tech student grabs placement offer!

Congratulations to Aakash M K from the 2021 pass out batch, currently doing his S5 B Tech (EEE) for bagging a job with Revelado Innovations Ltd. He has been offered a part time job in the Digital Marketing space, an area of interest to him. Incidentally, Aakash has done online courses in this area to gain exposure and experience. He would directly be reporting to the Directors of the company.
