

Students attend Tathva'19- interface at NITC

Tathva is the annual techno-management fest of the National Institute of Technology, Calicut. Tathva' 19 aims to promote clean and effective technology. In the interface 2019 session , talks were given on the topics: Have an amazing project/product that one would like to showcase? Got an idea for startup? Want to develop a prototype? Are you having a startup looking for a seeding?

As many as 47 students of Vidya attended this programme.
