

Startup by Vidya's alumni finds space in Buon Natale

VIDYA ALUMNI

A startup company named Playard, promoted by Vidya's alumni, has taken part in the "Buon Natale 2019", a cultural festival organized by the Thrissur Archdiocese and Thrissur Citizenry during 19 December 2019 to 5 January 2020. The startup is a portable gaming center that can be setup easily. It is mainly focused on kids,

youth and anyone who are interested in gaming. The benefits for the gamers are that they can play games for a cheap price and win prizes according to their skills. The idea is presently in the initial phase of business development and is being put forward by the team Geo Joy, Godwin P Roby and Hains Solomon (Vidya's alumni of the B Tech (ECE) 2017 pass out batch).
