

A dance performance signifying the fight against COVID19

Our happiness is closely related to the happiness of those around us. *Loka samastha sukhino bhavanthu*, the healing chant for happiness is on everyone's lips during these COVID 19 days. Parvathy Ramachandran, a student of S4 B Tech (CSE) batch, danced to the chant of "*Loka samastha . . .*" indicating her fight against COVID 19 and her support to the authorities during the lockdown days. She is a classical dancer who has proved that dance is the hidden language of the soul.
