

# Vidya alumnus feeding street dogs in Guruvayur during Lockdown

Thousands of stray cats and dogs in India depend on food and waste from markets, restaurants and grocery shops. But with corona virus sending people into isolation and public establishments shutting down, strays are having a hard time finding food. Many youngsters have turned Good Samaritans and are volunteering to feed these hapless animals. Mr Vineesh, an alumnus of Vidy's EEE Dept, has been spotted feeding stray dogs in Guruvayur town and nearby areas. This pious act by Mr Vineesh, who is working as a Quality analyst in Technopark, Thiruvananthapuram, was one of the top stories in CCTV, a local TV channel.
