

M Tech (ES) students present research papers in International Conference

Four girl students of the S4 M Tech (Embedded Systems) batch presented research papers relating to their ongoing Master's Research Project work in the International Conference on Advances in Computing, Communication, Embedded and Secure Systems (*ACCESS'20*) organized by the Dept of Electronics & Communication Engg, Adi Shankara Institute of Engineering & Technology, Kalady, Ernakulam, held during 28 – 30 May 2020. Due to the present COVID-19 induced lock-down, the oral presentations were conducted through Google Meet.

Details of papers

1. Henna David guided by Rakesh VS (AP, ECE Dept): "Smart irrigation management system using LoRa WAN based sensor nodes"
 2. Raveena Ravindran guided by Ramesh C R (AP, ECE Dept): "Autonomous passive electronic components sorter"
 3. Shilpa C Venugopal guided by Sruthi M (AP, ECE Dept): "Pre-prediction of diabetes and sweat based real-time glucose and stress monitoring system"
 4. Sreelakshmy P S guided by Divya Unni (AP, ECE Dept): "PPG based blood pressure monitoring and prediction using machine learning"
