

Mr Anil Akkara, MLA, hands over sanitizer dispenser developed by Vidya Skill Centre to Medical College

The Skill Development Centre (SDC) of Vidya continues its passion for creating innovative products during this COVID-19 crisis. The latest innovative product from the SDC is an Automatic Rechargeable Sanitizer Dispenser for Govt Medical College, Thrissur. The device was developed by a group of S6 B Tech students Nirmal Bino, Sagar Sajan T, Salax Sunny and Sujith K Sudhakaran under the leadership of Mr Anil M (AP, ECE Dept and Head of SDC). Having the capacity of 1.5L of sanitizer, the device is also equipped with a 6000 mAh battery that can power the device up to four to five hours. The device was handed over to Dr M A Andrews, Principal, Govt Medical College, Thrissur by Honorable MLA Mr Anil Akkara. The concept was designed and developed by students under the Earn While

You Learn Scheme offered by Vidya. Senior Lab Technician Mr K N Narayanan, Surgeon Dr Simon Joseph, Mr K S Madhu and Mr Suresh Avanoor attended the function.
