

# Mechanical Engineering Association organises webinar on Product Development

The Mechanical Engineering Association of Vidya organised a webinar on “Product Development” on 22 August 2020. The resource person for the seminar was Vidya alumnus Mr Sibin K S (2018 B Tech ME passout batch). The way Mr Sibin presented the topic, his passion for projects (especially multidisciplinary projects) and his willingness to help students in creative projects made the webinar very useful to the participants. As many as 128 students of S5 B Tech batches participated in the webinar.

The recorded video of the webinar can be accessed [HERE](#).
