

ECE alumnus in the Kerala Police!

Samson C V (B Tech (ECE) 2017 pass out)

Samson C V, an alumnus of the B Tech (ECE) 2017 pass out batch of Vidya, completed training at the Kerala Police Academy prior to his induction as an officer in the Kerala Police. Samson was an active participant in the sports and games in the College and he was also a member of the College Football Team.

Samson was a member of group students which, as part of the final year B Tech project, developed a "Library Assistance System" that would help blind students become self-reliant in using a library. The system was capable of auto-detection of books in the rack and a blind student could select the desired book using a hand-held device without any external support. The project was funded by KSCSTE and guided by Mr Ramesh C R (AP, ECE Dept) and supervised by Mr Anil M (AP, ECE Dept).
