### About Saksham

Saksham (Sanrakshan Kshamta Mahotsav) is a campaign organised by Petroleum Conservation Research Association (PCRA) to sensitize the masses about conservation and efficient use of petroleum products which will lead towards better health and environment.

This campaign is aimed at showing the way forward for making a change and enhancing the conservation capabilities of people. It helps understand the need for fuel conservation and find solutions thereof. The campaign seeks to promote effective utilization of petroleum products, something that will lead to environmental protection. Our aim is also to educate the masses on how the efficient, and optimal use of energy can protect the health and the environment.
