

MCA Dept announces 11th edition of eSpiderZ competition

The MCA Dept announced the 11th edition of the Dept's annual eSpiderZ competition on 24 April 2021.

e-SpiderZ 2021

e-SpiderZ is an annual web-designing contest of the Department of Computer Applications. The first edition of the contest was held in the year 2011. The whole idea behind the contest is to nurture creativity and to promote a spirit of self-study and exploration among students. Currently, the contest is open to all students of Computer Applications Department of this College. The challenge is to create the best web-site using the tools available with Google-sites. There is no restriction on the theme of the site. Prizes are determined based on the aesthetics of design and richness of content of the website. Winners will be awarded with cash prizes.

The Dept has also announced the following cash prizes.

First Prize (MCA 2018 admissions)	Rs.500
First Prize (MCA 2019 admissions)	Rs.500
First Prize (MCA 2020 admissions)	Rs.500
