

# Online workshop on Google Sites

The logo for the workshop is centered on a red rectangular background. It features the word "Workshop on" in a white, cursive script font. Below it, the word "Google" is written in its signature multi-colored font (blue, red, yellow, green, blue), followed by the word "sites" in a blue, sans-serif font.

The MCA Dept organised a one-day online workshop on Google Sites for the first and second year students of the Dept on 1 May 2021. Ms Salkala K S and Ms Siji K B, Assistant Professors in the Dept, served as the resource persons for the workshop.

Google Sites is a structured wiki- and web page-creation tool included as part of the free, web-based Google Docs Editors suite offered by Google. The service also includes Google Docs, Google Sheets, Google Slides, Google Drawings, Google Forms, and Google Keep. Google Sites is only available as a web application. The app allows users to create and edit files online while collaborating with other users in real-time. (*Wikipedia*)
