

Beautiful creations from waste materials: How?

Craft from
Waste Materials

A one hour session title “craft from waste materials” was conducted by IEDC on 5 June 2021, World Environment Day, via Google Meet platform. The session was handled by Mr Nimal jose, founder of Kuppi vibe. The points discussed were different type of bottle arts and how to make them easily at home from waste materials. The session was attended by the all IEDC members. The event was hosted by Sooraj R (S6 B Tech CSE-B). Vote of thanks was delivered by Mr Anil Melepurath (IEDC Nodal Officer). At the end of the session team Kynac officially launched their logo.
