

News & Events weekly newsletter sports a new cover design

The *News & Events* weekly newsletter being published by Vidya is widely distributed among all the stake holders of Vidya and also among the general public. In an effort to make the weekly newsletter more lively and appealing, the Editorial Team has redesigned the cover page of the newsletter. Since the issue dated 15 July, the cover page now features an image that captures one of the most vibrant moments in the life journey of Vidya in the previous week. This is in keeping with the proclaimed vision and mission of the *News & Events* publication (the vision and mission statements of the *News & Events* publication can be read [HERE](#)).
