

Vidya organises webinar on Celestial Mining

As part of Vidya's Initiative for Better Engineering (VIBE-2021), a webinar on Celestial Mining was conducted on 5 September 2021 at 7.00 p.m using the Zoom platform. The webinar was handled by Mr Paulose Thomas, founder of SPT Online Classes. There were 103 participants including students from 10th, 11th and 12th standards. The aim of the webinar was to impart some knowledge about the enormous resources from the celestial objects around our planet.
