

Vidya student creates artwork using sketch pens and graph paper in a novel way

TOM VARGHESE

Tom Varghese, a final year B Tech (EEE) student is the first person in the world to create a picture using sketch pens to color the cells in a conventional graph sheet. The picture Tom created was an advertisement poster of the Malayalam movie *Home*. He completed the picture in six days, eleven hours and four minutes. Tom is the son of Varghese and Valsa of Nadthara Mecheri House and he holds one record in the Asian Book of Records and three records in the Indian Book of Records for his diverse styles of painting.

The video below captures moments of creative efforts by Tom Varghese.
