

Placement update for 2021 pass out students: Pursuing master's degree is also getting popular

The placement saga continues for the 2021 pass out batch. This week's highlights include students joining for higher education in prestigious institutions and securing placement offers from leading national and multi-national companies. Several students have availed higher education opportunities at premier institutes and joined for their M. Tech, MS at UK, and MBA programs. Congratulations to all the placed students!
