

# Vidya's festival season is over!

**Vidya's festival season is over!  
Goodbye to Vyvidh 2022, SportsFest 2022 and Advika 2022!!**

The hustle and bustle of the activities connected with Vidya's festivals have subsided and students and faculty members have started vigorously pursuing the primary task for which they have come together in the College in the first place: the business of teaching and learning! The festivals add much color to life in the campus and create moments whose memory would be strongly etched in the minds of all. They also give a lot of learning experiences. Now is the time to concentrate on academics. The *News & Events* team wishes all success to the students in their academic pursuits!
