

# S3 MCA (2021-2023 Batch) students complete various NPTEL courses

Vidya MCA students always utilize the advances in information and communication technology and make use of high quality learning material provided by NPTEL

The students of S3 MCA (2021-2023 Batch) successfully completed various NPTEL online certification courses in 2022 in areas like Introduction to IOT, Cloud Computing, C Programming etc. As many as 55 students, out of the total strength of 60 have completed the NPTEL courses.

All staff and faculty members of the Department especially their Group Tutors have played an important role behind this remarkable result.

The Editorial Team of *News & Events* joins the entire Vidya family in extending hearty appreciations to the merited students on this remarkable feat that inspire your scholastic vision a wing with your talents !!!
