

AGNICHAKRA'23

The annual department expo conducted as a part of VYVIDH 2023 – Agnichakra'23 organized by the department of Mechanical engineering was conducted successfully. It was a two-day event held on March 17th and 18th, 2023. Agnichakra'23 mainly focussed on both Technical as well as non-technical events. The event aimed to showcase latest automotive innovations, super bikes, super cars and exotic cars to car enthusiasts.

The expo offered several activities for attendees to participate in, including various competitions such as Park the car, Photo contest, Cad master etc. It also featured prize giveaways, providing attendees with an opportunity to win exciting prizes. An interactive session with the audience was held on the second day by My radio 90FM.

The first day of Agnichakra'23 mainly focussed on super bike expo which drew large crowd of bike enthusiast. Reviving's of the super bikes were conducted which gained a lot of attention. The second day was super cars and exotic cars expo wherein the Instagram fame "Abinbabs Abraham" revealed his projects which was the main highlight of the event. At the end of the event line up of the various exhibited bikes and cars were held on each day.

Overall, AGNICHAKRA'23 was a successful event. The event drew large crowds of car enthusiasts, families, industry professionals and offered several activities attendees and provided them with a unique experience.
